**Legend**

- Existing Trail: Includes trails to be built in 2003.
- Proposed Trail
- Sidewalks & low volume subdivision roads that provide safe routes for trail users.
- Potential Future Trail Connection: This symbol represents a broad corridor where a trail would be desirable when opportunities arise.
- Neighborhood Connector Trail: Short trail segments that will link disconnected neighborhoods. Locations flexible and to be determined by consultation with area neighbors, residents, and property owners.
- USFS Roads
- Underpass
- Historic Railroad Grades: Alignements that should be utilized for trails whenever and wherever possible.
