(ii) For activities to address slum or blight on a spot basis, the activities must be designed to eliminate specific conditions of blight or physical decay and must be limited to acquisition, clearance, relocation, historic preservation and rehabilitation of buildings, but only to the extent necessary to eliminate specific conditions detrimental to public health and safety.

(b) It is following a detailed citizen participation plan which:

(1) Provides for and encourages citizen participation with particular emphasis on participation by persons of low and moderate income who are residents of slum and blight areas and of areas in which Community Development Block Grant (CDBG) funds are proposed to be used;

(2) Provides citizens with reasonable and timely access to local meetings, information, and records relating to its proposed and actual use of CDBG funds;

(1) Furnishing citizens information concerning the amount of funds available for proposed community development and housing activities and the range of activities that may be undertaken, including the estimated amount proposed to be used for activities that will benefit persons of low and moderate income and its plans for minimizing displacement of persons as a result of activities assisted with CDBG funds and to assist persons actually displaced as a result of such activities;

moving expenses, security deposits, credit checks, and other moving-related expenses, including any interim living costs; and, in the case of displaced persons of low and moderate income, provide either:

- (I) compensation sufficient to ensure that, for a 5-year period, the displaced families shall not bear, after relocation, a ratio of shelter costs to income that exceeds 30 percent; or,
- (II) if elected by a family, a lump-sum payment equal to the capitalized value of the benefits available under sub clause (I) to permit the household to secure participation in a housing cooperative or mutual housing association.

A determination under this paragraph is final and not reviewable.
